FOR IMMEDIATE RELEASE

January 26, 2016

Clearing the Way for New Knoxville CBOC Lease

On January 27th, 2016 Knoxville VA LLC and Graham Construction will officially start the process of clearing the land for the future 12,800 square foot state of the art, Veteran Community Based Outpatient Clinic (CBOC) in Knoxville. Located at the corner of Lincoln and Longlane, this newly constructed clinic will house Primary Care, Mental Health, Telehealth, and Specialty Services to include Podiatry, Optometry, and Audiology. Plans are being made for an official groundbreaking ceremony this spring before construction commences. As a reminder, VA Central Iowa Health Care system continues to provide the best care/services to local Veterans at the current CBOC (located in Building 1 at 1515 West Pleasant Street) until the new lease space is open and ready for patients. The Department of Veterans Affairs Office of Asset and Enterprise Management (Washington, DC) continues to have a lease agreement of the full historical Knoxville campus with Knoxville Veterans Alliance (KVA) to develop the land under the enhanced use lease process.

For more information, contact VA Central Iowa Health Care System Public Affairs Officer, Kristi Catrenich at Kristi.Catrenich@va.gov .
